SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, March 3d, there being present Wm. H. Brown, presiding, D. E. Blackburn, Jas. T. Casey, Joseph M. Francis and John MacBain.

M. F. Brown, captain of the motorcycle police reported that thirteen arrests had been made under the new regime for which fines amounting to $70 had been collected. Nine cases are pending. The cost of the service is $104.50.

The following liquor dealers, having complied with the law and furnished the necessary bonds, were granted licenses:

First township—Bertini Bros., Colma; Jas. Cawley, Salada Beach; Martin Lamm, San Bruno.

Second township—Mrs. P. L. Archibald, Belmont; Albert Swanson, Beresford.

Third township—Walter Jelich, Portola.

The following applications were given first reading and will be acted on a month hence:

First township—Stephen McCue, Colma; John Mori, Rockaway; Agostine Tassaro, Colma; M. J. Custodio, San Bruno; Manuel J. Leal, Colma.

Third township—H. E. Hallett, Portola; A. V. Kieffer, La Honda.

Fourth township—John Marshall, Lobitos.

Fifth township—J. C. Amarel, Pescadero.

The application of Frank Giffra for a class B license at San Bruno was denied as the applicant was not a citizen of the United States.

Mrs. Cecil Brahany of Daly City complained that she was being charged an exhorbitant rate for water by the water company at that place and asked for relief. No action could be taken as Daly City is an incorporated city, having its own government.

A communication was received from T. Ahern, division superintendent of the Southern Pacific, offering sufficient land to widen the San Bruno road at Sierra Point and McDonald Point. Casey approved of the offer and the matter was referred to the surveyor to report on at the next meeting.

The petition of certain residents at San Bruno for additional road lights was taken up. Casey stated that he had agreed to meet the San Bruno residents Wednesday evening when an effort would be made to settle the matter. The petition was laid over until the next meeting on motion of Blackburn, seconded by Casey.

The communication from the city council of Daly City, asking the Board to take action on the offer of that city to deed the Mission road to the county for the State highway, was taken up and postponed until afternoon, awaiting an opinion from the District Attorney on the subject.

District Attorney Swart reported that the petition of Mrs. B. Dunn to have a portion of Hill street at Colma closed was insufficient in not having the required number of signatures.

A resolution was presented by H. A. Mason, acting for the District Attorney, declaring it to be the Board's intention to call an election to submit to the voters a proposition to authorize a bonded indebtedness of $1,250,000 for the purpose of constructing roads, bridges and highways in the county.

The reoslution was adopted on motion of Francis, seconded by Blackburn.

A second resolution was presented by Mr. Mason and adopted on motion of Blackburn, seconded by Francis, calling a special election on April 8th, at which the citizens will vote on the bonding question.

Surveyor Neuman rendered a written report covering the following subjects: That the bridge at Pescadero had been repaired in accordance with the Board's orders and a bill for the work would be presented at the next meeting; that the esimate of 75 cents a foot heretofore submitted by him for culvert work done by E. R. Mitchell in the Fifth township is a fair price, and that thee fill near Hayward's place in the same township can be temporarily repaired for an expenditure of x$20 and in spring plans for a permanent structure should be prepared.

The report was accepted on motion of Francis, seconded by MacBain.

Hall C. Ross presented a resolution authorizing the sale of the poor farm, the sale to take place at public auction on April 14th, at the courthouse.

The resolution was adopted on motion of MacBain, seconded by Casey.

It was on motion of MacBain, seconded by Francis, ordered that the surveyor ascertain the cost of building a suitable road to the farm and estimate the cost of a septic tank, a heating system, repairs to the premises and a water supply, these figures to be used in fixing the value of the property in the event of its sale.

District Attorney Swart advised the board that it is not necessary to take action on the offer of Daly City to turn the Mission road over to the county for the State highway. The law gives the State authorities or supervisors power to build roads through incorporated cities with the consent of the city authorities.

Neuman was authorized to make surveys in the First township to ascertain the road lines for the proper location of a bridge about to be constructed by Casey.

On motion of Casey, seconded by Blackburn, Francis was authorized to construct a small bridge at Irish Ridge at a cost not to exceed $60.

On motion of MacBain, seconded by Casey, Brown was given permission to install a bulkhead on Belmont hill in his district.

W. I. Taylor, representing the H. W. Jones-Manville Co. of San Francisco appeared before the Board and stated that at the suggestion of Judge Buck he had made an examinatin of the Superior courtroom and would be able to completely remove the acoustic defects of the room at a cost of $1795.

On motion of MacBain, seconded by Blackburn, the report was received and the chairman authorized to appoint a committee of three to inquire into the matter.

MacBain presented plans and specifications for the improvement of Fair Oaks lane and Atherton avenue which were adopted on his motion, seconded by Francis, and the clerk directed to publish a notice calling for bids for doing the work.

The chairman notified the board that this was the time to fix the rates for water outside of the incorporated cities. In the absence of information on the subject the matter was postponed until the next meeting.

MacBain presented plans and specifications for what is known as the Hooper bridge at Woodside, a contract for which had been given a year ago, but for some reason the bridge was not built. On motion of Blackburn, seconded by Francis, MacBain was authorized to have the bridge built.

On motion of MacBain, seconded by Blackburn, all bills passed at this meeting are held to have been legally allowed.

Casey stated that a former supervisor of his district had made a partial survey of School street. He desired that the work be completed to the ocean. On motion of MacBain, seconded by Francis, the surveyor was directed to make the survey complete..

On motion of Francis, seconded by Casey, the clerk was authorized to employ extra clerical help to assist in mailing election information to the voters.

A number of disputed claims were ordered submitted to the District Attorney on motion of Francis, seconded by Blackburn, for information as to their legality.

Blackburn took exception to the estimate of the Surveyor of 75 cents per foot for culvert work in the Fifth township and moved that the surveyor submit figures for the work including cement, sand, freight, hauling, construction (tamped), transportation to place of installation, excavating, cement for joining pipe and covering of same.g His moiton was seconded by Francis and carried

Good Time Coming.

The postponed entertainment and ball under the auspices of the Mt. Carmel Aid Society will take place at the Woman's Club hall in Dingee park on Saturday evening, April 5th. The affair was originally planned for St. Patrick's Day, March 17th, but the date fell in Holy Week, causing the usual celebration to be abandoned. The best of home and outside talent will be on hand to make the event well worth attending. Contrary to rumor, the ball will be purely informal. Full dress will not be insisted upon.

Investigating Bribery Charge.

District Attorney Swart has taken depositions from the Supervisors on what they know of the alleged bribery in connection with the passage of the cemetery ordinance reducing the fee for disinterment to $2.50. Detectives have been employed, so it is said, and are searching for any evidence that may bear upon the matter. The district attorney has under consideration the advisability of asking for a special session of the Grand Jury.

ODD FELLOWS WILL HOLD PICNIC AT NILES CANYON.

The pioneers of this city can remember when the Odd Fellows' anniversary was the event of the year, when thousands gathered on April 26, at the first picnic grounds in this county, now known as Wellesley Park

Every lodge of the order within a radius of 100 miles sent large delegations accompanied by many friends and train after train, crowded to the limit, unloaded its living freight at the improvised station at Four Points where the march up the Whipple road began through an avenue of vendors' stalls to the park entrance.

Two large platforms were crowded all day by dancers enjoying the excellent music furnished by metropolitan bands, while all over the grounds under the many oaks and laurel trees the picnic lunch was discussed with the enjoyment felt only by the true nature lover.

Those were the halcyon days of the picnic goer and the pride of the Odd Fellows of California, while the small boy looked forward to the day as second only to the Fourth of July. Later for various reasons these large public gatherings were discontinued and each district of the order had its local celebration.

Bay View Lodge No. 109 of this city has been accustomed to celebrate the anniversary in a fitting manner by a gathering of some sort and this year has decided that a basket picnic would be the most enjoyable diversion and the announcement has been made that on April 26th all Odd Fellows, their wives, children and friends will meet at Fernbrook Park in Niles Canyon where in the "sylvan groves beneath umbrageous oaks," they may stray, lunch, dance and enjoy themselves to their heart's extent. Music will be furnished by the Grand Encampment band.

The committee having the matter in hand is as follows: H. W Lampkin, chairman; J. C. Jones, F. W Glennan, B. C. Rohr, Eli Smith, E. B. Fox, R. Svihus, C. F. Hadley, W. A. Emmett, and nothing will be left undone to make the day an enjoyable one.

The route will be by way of the Dumbarton bridge, itself one of the wonders of this State, and the cost of round trip tickets will be for adults $1; children 50 cents, including admission to the park. After April 7th tickets may be purchased from members of the committee.

FORMER RESIDENT REFUSED LANDING AT NEW YORK.

Eastern dispatches have been published in the daily papers to the effect that Thomas Stevens, an aged Englishman, has been detained at Ellis Island, New York, since his arrival from Liverpool Sunday last. Mr. Stevens had been a resident of San Mateo for thirty years and is quite well known there. He is an uncle of John Stevens of this city, but outside of the dispatches the nephew has no knowledge of the detention trouble. The latest dispatch reports that the old man has been released and is on his way to San Francisco.

Former Resident Honored.

C. C. Hughes, formerly of this city, has been elected City Superintendent of Schools of Sacramento, salary $2700. Superintendent Hughes is a graduate of Stanford University. As Superintendent of Schools of Alameda he brought the department up to a high state of efficiency. For several years he represented Silver-Burdett & Co., also the American Book Co. His business relations with the public were on a high plane. He presented the merits of the books and depended on quality and not on the acting pulls to transact business. His many friends congratulate him on his new position. The Capitol City will furnish him a fine field to perform splendid service for the schools and State.

CITY OFFICIAL PAPER

A GOOD EXAMPLE.

Truly the people of the United States, in their National capacity, set an example well worthy of imitation by the rest of the world. Without a tremor of excitement—beyond the usual joyous inaugural scenes at the National capital—the government of the country has passed into the hands of a party of opposite political control. Nowhere has the peace and quiet of the country been disturbed, in no section of the country has there been the slightest evidence of business disturbance. Citizens of all classes and every shade of political opinion stand ready to extend to the new administration their best wishes and most hearty support. Every well-minde Republican, for his own and his country's best interest, wishes God-speed to the new administration.

Californians, especially, have reason to be proud of their recognition in the appointment of Franklin K. Lane to the Secretaryship of the Interior. Mr. Lane is a quiet, scholarly gentleman, progressive yet dignified, and of charming personality, and by reason of his past diversified experiences, especially well qualified for the duties of his important office.

SAN BRUNO NOTES.

Quite a large number of people attended the meeting of the good roads boosters at Green's hall last Saturday night. While all sensible men agree with the speakers that good roads are essential and necessary, some of the arguments are open to criticism or need enlightenment. The old saying that the end justifies the means will not apply in a bond issue. The people here are as progressive and intelligent as elsewhere, but they hail from Missouri and want to be shown. The speaker was not inclined to answer questions, although there was abundance of time, as the meeting was over at 9:15. Quite a number of people intended to ask questions but were discouraged from doing so as the first and only one asked would only be answered privately after the adjournment of the meeting. San Bruno occupies a different position in this matter from any other place along the peninsula. The people were given little opportunity to participate in the preparations leading up to the submission of the bond issue question and now they must be enlightened. Whoever undertakes to speak on the bond issue must be able and willing to answer questions affecting this vicinity.

The monthly social night of Camp No. 410, Woodmen of the World was held at their lodge room last Friday night. The new committee was appointed by Consul Commander J. N. Sherman for the skill which they possess as first class caterers, and the Consul certainly made no mistake. The table was loaded with the delicacies of the season. Neighbor Fred Allen is the chef and last Friday night he gave the Camp a sailor's supper, for Allen is inclined to deeds of a sailor's life, an early impression made when he first started out in life to paddle his own canoe. These events will be looked for with pleasure as chef Allen promises a menu at the next meeting that will be a stunner. He has the Neighbors guessing and they will all be there, for thy know that the chef makes good.

A sudden impulse impelled Walter Meade, a knight of the road, last Monday while walking along the right of way of the railroad to enter the home of Nick Powers of the fifth addition, whose residence is close by the tracks. Entrance was made by cutting a screen door. Mrs. Powers was visiting with a neighbor at the time. Mrs. Kimme, who lives close by saw Meade cutting the screen and entering the house and gave the alarm. As there is no officer in San Bruno, citizen Al Wilson made the arrest and brought the housebreaker to the justice court. Justice Davis had him locked up in the county jail pending an examination.

The long delayed petition which has been before the board of supervisors for the past two months, was amicably settled last Wednesday night. Judge Davis' courtroom, where the conference between the light committee and Supervisor Casey was held, was crowded with people who are interested in the movement. The petition as presented was was accepted in its entirety, without any compromises or alterations and when the lights are placed San Bruno will be as well lighted as any district in the county.

Mrs. Chaudler Gets Verdict.

Late Thursday evening the jury in the case of Margaret Chandler against Asa T. Weeks brought in a verdict for plaintiff after deliberating a short time. The trial began on Tuesday. Judge Sargent of Monterey sitting in the case for Judge Buck. Much evidence was presented on both sides. The case involved the title to 416 acres of valuable land at Pescadero. According to the testimony of the witnesses plaintiff Lafayette Chandler in 1910 made a deed of his Mexican property and 416 acres of land known as the "Hill Farm," at Pescadero in favor of his wife. He also transferred all his stocks, bonds, and other personal property to her. At the same time he executed a deed in favor of his daughter, Mrs. Asa T. Weeks to the "Home Place," containing 160 acres. The instruments were prepared by J. C. Williamson, and acknowledged by Notary Faulkner and properly delivered to Mrs. Chandler and Mrs. Asa T. Weeks. J. C. Williamson was instructed by Chandler to deposit the deeds in a safe deposit box in the First National Bank at Redwood City, and same were not to be recorded until after the grantor's death. The defense contended that there were no legal delivery of the deeds and that Mr. Chandler did not intend to vest the title of his property absolute in the grantees. That he desired to recall the deeds when he saw fit. His only object in executing the instruments was to get his affairs in shape in case he should die. Mr. Chandler is 77 years of age and in feeble health. Subsequent to making the deed to Mrs. Chandler he executed another instrument giving three-fourth of the "Hill Farm" to his son-in-law, Asa T. Weeks, and the other fourth to his wife. Mr. Weeks recorded the deed and at once Mrs. Chandler began a suit to quiet title to the land. Thursday Mr. Chandler was placed on the stand for the defense and he flatly contradicted the testimony of Mrs. Chandler, Mr. J. C. Williamson and Mr. Faulkner in that he denied that he delivered the deeds executed in 1910 to Mrs. Chandler or to Mrs. Weeks. He declared that he did not know what he was signing, that he did not intend to vest the title of the property absolutely in the grantees as he wished to recall the deeds at any time he saw fit. The case was argued Thursday afternoon, Hall C. Ross making an eloquent and forcible argument for the defense. He spoke for nearly an hour during which time he made some telling points for his clients. Ex-Seator Thomas Selvege delivered a splendid argument for plaintiff, showing much oratorical ability. E. F. Fitzpatrick, the plaintiff's other attorney, also delivered a lengthy address to the Jury. George C. Ross closed for the defnese, making a telling speech. The jury was out only a short time when it returned with a verdict for plaintiff. The judgment was not entered by Judge Sargent, but continued for a period of two weeks when the court may set aside the verdict or affirm it as he may see fit. The verdict of the jury is only advisory and may be set aside or affirmed.

PISTOL SHOT ENDS UNHAPPY MARRIED LIFE

Failing of Reconciliation With Husband Mrs. Gussie Mullen Dies by Her Own Hand

Filled with remorse because she had abandoned her husband and child and could not effect a reconciliaion, Mrs. Gussie Mullen killed herself late yesterday afternoon. The deed was of a most startling nature. A week ago Mrs. Mullen and her husband mutually agreed to seperate, which arrangement seemed to meat with the wife's approval. She was escorted to the train by her husband and affectionately kissed good bye. Thursday she returned to the home on Main street and asked to be taken back. Mullen refused to grant her request claiming that her conduct in the past was unpardonable. She remained about the premises until yesterday at 5 o'clock frequently asking to be forgiven and as often making threats to kill her husband and his family. At five o'clock she went upstairs to her room and immediately a shot was heard. An investigation showed that the woman had killed her self by shooting herself in the heart. She died at once.

Mrs. Mullen was a San Jose girl, 19 years of age. She and her busband were married two years ago. The couple have one child. Mullen states that his wife frequentally left her home leavingher child in the care of stranges.

FINAL HEARING IN STREEET INVESTIGATION CONTINUED

Council Will Dispose of Disputed Question Thursday Evening

Although the committee appointed at the adjourned session of the city council last week to make a personal investigation of the street work recently completed by A. Teichert & Son under their contract failed to present their report at the regular meeting last Monday evening, a considerable time of the meeting of the Trustees was devoted to a consideration of this much discussed problem. While considerable of the time was devoted to a review of the matters already brought out, some new matters were introduced. To a large extent this was developed from questions put to the inspector who had charge of the work on behalf of the city. In reply to a series of questions from Chairman Merrill, the inspector stated that he had carefully watched the work and guaged the quantities of material used and expressed a positive opinion that in these respects there had been a full compliance with the specifications. While all of the Trustees were promptly on hand, there seemed to be an abatement of interest among the owners of property in the improved district, but few of who were in attendance, although it had been understood that a final decision was to be reached at this meeting. In explanation of the failure of the committee to submit a report, Attorney Archer Kincaid informed the council that owing to other business engagements it had been impossible to secure a full meeting and proper investigation. Trustee Hynding, who had been named chairman of the committee stated that he would decline to participate in the report of the committee, believing it was unwise for him, as a member of the council, to give expression to an opinion till all had been heard. With a desire to finally dispose of the matter as expediciously as possible, and the Trustees finally decided to hold another special meeting for this purpose and set Thursday evening next as the date for final action, at the same time especially requesting the committee to be on hand at that time with their report.

In accordance with instructions given at the previous meeting, Street Superintendent Dickey submitted an estimate of the pipe required to complete the laying of water mains in the sections of the city where it was expected that new street paving would be done during the coming summer. To complitee the work outlined by the superintendent of streets, all of which it was admitted was necessary, it was estimated would require the expenditure of a much larger sum of money than was now available in the water fund, from which the expense should be met, and the report was referred to the street committee to devise some means of modification.

Ordinance No. 130, the ordinance making provision for the issuance of the street lighting bonds was given its final reading and adopted.

An application from the owners of the new Hotel Sequoia building for permission to erect an ornamental post in the sidewalk at the front of the main entrance was granted.

Trustee Hynding reported that Supervisor MacBain was laying the sidewalk on the Woodside road leading to the cemetery as requested by the council. On the recommendation of Trustee Hynding the superintendent of streets was directed to make some changes in the water mains on the road.

Trustee Deleau, chairman of the finance committee, reported that W. H. Kelso would undertake the work rolls for the present year at a of completing the city assessment cost to the city not to exceed $300. Agth is was a less cost than that of last year, notwithstanding the fact that the duty of collecting the personal property taxes was to be added. Trustee Deleau recommended that the offer of Mr. Kelso be accepted and on this recommendation the work was placed in charge of Mr. Kelso.

Big Belmont Realty Deal.

John R. Hillman, the well known real estate promoter and organizer of the Fooothill Development Co., on Wednesday purchased the Hacquette property containing 60 acres at Belmont. It adjoins the property of W. C. Ralston which was recently purchased by Mr. Hillman from the Sharon Estate Company. Mr. Hillman owns real estate at Belmont valued at over half a million of dollars and is now negotiating for more. He owns all the sloping hills, so picturesque and beautiful and an ideal place for handsome homes. Mr. Hillman maintains a palatial residence there which he enjoys very much after his day's work is done in the busy metropolis. The Hacquette place is one of the beauty spots of that favored locality. It was bought by the late Ernest Hacquette, who established the Palace of Arts Saloon in San Francisco many years ago, and was about to settle down to the quiet enjoyment of the fruits of his labors when he was called by death. Mr. Hillman is one of the most enterprising real estate men in the State, and one of the wealthiest. He has great faith in the peninsula and is certain it has a splendid future and for that reason he is willing to invest his money in the county.

Oppose Anexation Scheme.

At the regular meeting of the Redwood City Board of Trade last Tuesday evening, the members of that organization went on record as opposed to the second attempt of San Francisco to increase her bonding capacity at the expense of San Mateo county. Discussion of the matter was introduced by a suggestion from R. F. Chilcott that the bill now before the assembly providing for the annexation of this county to San Francisco contained several "little jokers." Especially did he find the bill calculated to deceive in the provisions which seemed to provide for a borrough system of government. At the suggestion of Mr. Chilcott especial opposition to the doubtful section was expressed. A resolution was also adopted declaring the opposition of the Board to the annexation of fractional portions of the county to San Francisco.

Alex M. Robertson was unanimously endorsed for the appointment of Collector of the Port at San Francisco. F. W. Chilcott made the motion after a brief elogy on Mr. Robertson as a townsman and citizen. H. C. Tuchsen seconded the motion which had incorporated in it instructions to the secretary of the Board to communicate direct with President Wilson, recommending the appointment.

Owing to the scarcety of rains this season this had to be done in order to give the trees a good spring growth.

E. S. Heller, the San Francisco capitalist, has bought the beautiful Abe Stern place at Ahterton. A big price was paid for the property. It is one of the prettiest homes in this section of the peninsula. The grounds were laid out three years ago by the most skillful landscape gardeners in the State and they are very attractive and beautiful. Mrs. Heller was formerly Miss Hillman, daughter of Mr. Hillman, the banker.

The gift of a valuable piece of land in Menlo Park to the Academy of the Sacred Heart made years ago by Mrs. Emilie Donohoe, mother of Joseph A. Donohoe, the San Francisco banker, became known Tuesday when the deed was placed on record at Redwood City. The property consists of 15.9 acres and lies in the heart of the fashionable residence section. Its present value is about $30,000. The building of St. Joseph's School is now on the land.

The best thing you ever used for a head wash is Shampoo Pearls. This new article was a general favorite in the east, and since its introduction on the Pacific coast, its sale has been wonderful. It seems to fill a long felt want. It does not dry out the hair as soap does, and its regular use will prevent dandruff. In some cases it has even cured dandruff by its cleansing power alone. Everybody must use a scalp and hair cleaner, and the above article does the work for men, women or children. M. E. Selzer, Druggist.

Miss E. M. Warren has awarded a contract to John MacBain to erect a fine two-story residence on her property on an eminence overlooking the Bear Gulch Lake. Work on the structure began on Thursday. The contract price of the building is $35,000. It will be one of the finest and most attractive homes in the county when completed. Every detail of the structure will be carefully watched by Mr. MacBain who has earned a reputation for erecting fine homes, so that when finished it will be a model of workmanship and a residence that a king might covet.

The school trustees have called a special election for March 31, to vote a tax of $7500 to furnish additional school facilities and for the building of a new school house for the Menlo Park district. The election will be held in the Presbyterian church, now occupied as a school room for the district, on Monday afternoon, March 31. The officers of election are, James R. Doyle inspector, William Chappell and Matthew Kennedy judges. The trustees have the sum of $11,000 on hand, the amount received from the insurance on the building that was destroyed by fire last year, and this with the greater portion to be raised will build a respectable and modern school building, one that the taxpayers may be proud of. Should the election carry, and there is very little doubt but that it will, work on the new structure will begin in a few months. The building is badly needed and it is to be hoped that the tax will be voted for unanimously.

Death of Bright Young Man.

HOW AN INDIANA GIRL

Got Strong and Well Again at Small Cost.

Miss Alta Abel, of West Baden, Ind., says: "I was a complete wreck, always tired, wornout and nervous. I had to spend about one-third of my time in bed and my life was not worth living. Vinol, your delicious cod liver and iron tonic, was recommended, and it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person."

Vinol is the most efficient strength-creator for such women. It is the medicinal elements of the cods' livers contained in Vinol, aided by the blood-making and strengthening properties of tonic iron, which makes it so far superior to all other tonics to build up health and strength for weak, tired, ailing women. It contains no oil and has a delicious taste.

We give back your money if Vinol does not do all that we claim.

ASSESSOR'S INSTRUCTIONS

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sits as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
Assessor San Mateo County.
